

## SUPERVISORS EVALUATION OF MASTER'S PROJECT

Author of work: Bc. Benjamin Kolegar

Supervisor of work: Ing. František Vajkay, Ph.D.

The presented project documentation was prepared by Bc. Benjamin Kolegar. Mr. Kolegar chose the assignment on his own accord. Mr. Kolegar wanted to design a building regarding horses, therefore after some consideration the choice fell on an accommodation facility with stables, where the guest could enjoy horse riding throughout the day.

The resulting shape of construction work was changed several times throughout the year.

Mr. Kolegar actually put some effort into the creation of this work. The only problem I had come across was that Mr. Kolegar did consult irregularly, really rarely. Since I have not seen Mr. Kolegar throughout the winter term as much as I liked to, thus could not verify the design process on a regular basis, as the supervisor I award Mr. Kolegar's approach to the design process with the following grade:
